

Teacher of Maths or Science or English (suitable for NQT/MPS/UPS)

Closing date: Monday 25 January 2021
Interviews: Thursday 28 January 2021

We are looking to appoint up two colleagues from Maths, Science and English and because we have staffing flexibility within our 3 core department teams appointing the right candidate is more important to us than the subject taught. We welcome different levels of experience. Staff are highly valued at our school and we offer an excellent CPD package.

Each of the core departments is unique but their real strength is their commitment to working collaboratively towards the common goal. Each subject's curriculum intent is well thought out across the age groups and meticulously planned. Regardless of the subject specialism the successful candidate is guaranteed to work in a strong cohesive team.

Rightly so, expectations are really high at our school. Staff work ethic and commitment is immense and this is highly valued. We maintain these standards by all working together and supporting one another. It is really simple. Our culture and ethos across all areas of the school is based around two simple beliefs - Strong Work Ethic and Kindness and Decency at every level. We trust each other and we work hard.

We do not take recruitment lightly. Choosing a teacher to be responsible for so many student outcomes is taken very seriously and not ever done for the sake of filling a gap. It is really equally important to us that the right candidate chooses our school because they believe in what we are trying to achieve and the way in which we do this. The job is never done and every year we have different students arriving all with their unique personalities, aspirations and desires. We celebrate this and do whatever it takes to make sure they have the best possible memories of school but also the right academic profile.

The school is deceptively accessible within the Yorkshire and Humberside area. We benefit from lovely surroundings and we are located right next door to New College Doncaster where a significant number of our students progress to post-16 education.

If you are interested in applying please complete an application form which can be found in TES vacancies section together with further information. You are very welcome to visit the school before you apply and find out if you think you would fit in.

Please contact HR Manager, Paula Kynman, 01302 770579,
pky@thehayfieldschool.co.uk.

We look forward to receiving your application.

The Hayfield School reserves the right to close the advertisement early.

We are committed to safeguarding and promoting the welfare of our students and an Enhanced DBS check will be required for this post. We aim for diversity within our workforce.
