IMPORTANT: School Bus Service Update

Update 1 of 1 – 1 June 2017

We have been informed that the current provider of our school buses, Mass Brightbus, will cease business at the end of this school year. We will keep you updated via this page on the school website as and when we have news about any changes over the next few weeks. We will send a text message to alert you to any updates on this page. We will of course ensure you are well informed about arrangements from September as soon as we have been provided with the information.

We had assurances that things would run as normal until the end of the year. However late yesterday afternoon South Yorkshire Transport contacted us to confirm the following update. They are trying to support all schools through this situation. We were made aware by Mass Brightbus on the last day of term and students were informed. We are grateful of your patience as we deal with this inconvenience.

Alternative service provided for Mass Brightbus service 520 from 5th June 2017

South Yorkshire Transport is providing an additional service for students to replace Mass Brightbus 520. The bus number is 204. This is an existing public service, running every 20 minutes but an additional 204 bus is to be provided by the "First" group at the time below. The route is shown below. South Yorkshire Transport confirmed that this particular bus will drop off directly outside the school before it goes on to the airport.

Change to school finish time on Friday 21 July 2017

School will now close at 12.30 pm on Friday 21 July. The buses will depart school at 12.30 pm.

We apologise for any inconvenience and this difficult situation.

Kind regards
Rick Huddart
Assistant Headteacher
