'Schools-based' Initial Teacher Training

To be a trainee teacher starting in September 2018, **you** will need to have graduated with a good degree by next summer and already have **your** GCSE (Grade C or above) in Maths & English (and Science if **you** wish to teach Primary).

Still interested? If so, come along and find out which training programme is right for **you**, how and when to apply, which schools in Doncaster are involved and how **your** training programme will be tailored to meet **your** learning needs.

We will also help **you** with information about making an application, **your** qualifications, tuition-fees, bursary grants and additional financial support that **you** may be eligible for. Or **you** may even be able to get paid a salary whilst training!

For nearly 15-years the **Doncaster ITT Partnership** has worked closely with schools, academies, the Council and now also with the University of Hull, to train hundreds of teachers for Doncaster's schools. Many former trainees are now in senior posts in our schools and helping to train the next generation of teachers

.... **you!**
